WIRELESS CLUB  
PLAN OF SCOUTS

Organization of a wireless club by Moline Scouts will be one of the first of the fall activities of Moline troops which open this week. Amateurs have estimated a station at the Scout camp and will receive a license within a few days. The camp Mansur station has a sending radius of 100 miles.

VERMEERSCH CAMP

Several hundred Quad-City Eagles and Moose were guests of East Moline Moose at a stag held yesterday at the camp of Curley Vermeersch on Rock river. Free transportation from the car line to the camp grounds was provided. Both luncheon and supper, served luncheon counter fashion, was also furnished gratis by the hosts.

END REPAIRING  
ON WATER MAIN

Repairs on the big watermain which broke near the waterworks a few weeks ago were completed last evening. Employees of the waterworks, who labored valiantly the night of the mishap to prevent serious damage to the city's water supply, worked all day Saturday and Sunday and until 9 o'clock last night to complete the repairs. All emergency restrictions on water consumption were removed by Mayor Skinner this morning.

Repairs to the intake pipe which was broken some time ago while dredging the river will be started this week. A diver will be employed for the task.

HIT BY AUTO;  
HEAD INJURED

Child Suffers a Fractured Skull  
When Struck and Dashed to  
Pavement By Auto.

Ruth McLain, 7-years-old daughter of Mr. and Mrs. Fred McLain, 215 Nineteenth street, East Moline, suffered a fractured skull when she was knocked down by an automobile driven by Miss Mildred Allen, daughter of John O. Allen, East Moline attorney. The accident occurred about 7 p. m. Saturday between Ninth and Tenth streets on Fifteenth avenue. Miss Allen was driving along the avenue when little Ruth ran out from behind an automobile parked along the curb directly in front of the former car. She was dashed to the pavement, but the wheels of the car did not pass over her body.

The child was taken immediately to her home and Dr. G. F. Johnson summoned. Dr. Johnson was undecided at first whether the skull had been fractured. He stated today that the fracture was not a serious one and that the child would recover.

EXTEND DELIVERY  
SERVICE ON OCT. 1

Postal delivery service in East Moline is to be extended Oct. 1, according to information received from Washington today by Postmaster F. O. Levens. Residents of Third street hill, Eighteenth street hill and Eleventh. Twenty-fifth and Twenty-sixth streets, who formerly received no service will then have one delivery a day. Residents of Seventh street hill and along Eighteenth avenue, as far east as the township high school, will have two deliveries a day.

The new plan will necessitate the employing of one new postal employee. Adolph Maschell, a former post carrier, will deliver in the new districts.

Assessment rolls for the laying of approximately 13,000 lineal feet of sidewalk between Eighth and Twelfth avenues and Seventh and Sixteenth streets were filed in Moline city court Saturday afternoon and will be considered by Judge G. O. Dietz on Sept. 1. The project will cost the city \$18,517, according to the estimates prepared by A. D. Payton, city engineer. Mr. Payton stated today that at least four contractors are ready to submit bids as soon as the project is confirmed by the court. This means that the walks will be built this fall providing the bids come within the estimates.

Nick Stavros, an employee of a restaurant at First street and Third avenue, is in Moline city jail, under \$3,000 bond, for committing a criminal assault upon Della Davis, a 14-year-old Moline girl. Stavros was arrested at his place of business Saturday afternoon and arraigned before Magistrate Gustafson this morning. After a two-hour examination of the principal witnesses, the case was continued until tomorrow afternoon. Attorney C. E. Dietz represented the defendant.

HEAVY SUPPLY  
AND NO BUYING  
KNOCKS WHEAT

Chicago, Aug. 16.—Liberal receipts and a lack of support today carried wheat prices off ¼¢ to 2½¢ at the start with December 2.36 to 2.37, and March 2.39 to 2.41. Trading was exceptionally light and for a time prices hovered about the initial quotations; hedging sales were a factor.

Buying by cash interests caused wheat to rally to some extent, but hedging sales became a factor and sent prices to a lower level, the close being weak, with prices down 1½¢ to 3½¢, December finishing at \$2.36¼ to \$2.36½ and March at \$2.38.

Corn sympathized with wheat. Selling by several strong commission houses caught the local element generally long and prices which started ¼¢ higher to ½¢ lower, dropped sharply, there being a lack of support on the way down. Initial quotations for September were 1.48½ to 1.49, and December 1.23½ to 1.24.

Beneficial rain reported over sections of the corn belt where moisture is needed, caused a reaction in corn prices, but when pressure appeared, a decline set in with September in the lead. This had considerable influence on the deferred deliveries. The close was heavy with prices ¼¢ to 2½¢ net lower, September being \$1.45½ to \$1.45¾, and December \$1.23 to \$1.23½.

Oats were dull at the start and further lack of aggressive pressure. Opening quotations were unchanged to ½¢ lower, with September 70½¢ to 70¾¢, and December 69½ to 69¾¢.

Provisions started firmer with hogs, but selling of October lard by cash houses turned the market easy. The trade was not large, the packers doing little.

OIL AND STEEL  
LEAD RALLY IN  
STOCK MARKET

New York, Aug. 16.—Oil, steel and equipments led the rally following a selling movement of the first hour on the exchange. Mexican Petroleum and Baldwin Locomotive made full recoveries while Crucible and Republic rose substantially over last week's closing prices. Atlantic Gulf made up half of the 4 points loss, and other

shipments improved, with greater steadiness among investment rails. Much of this advantage was cancelled before noon, however, when low-priced oils and motor shares were depressed by a series of bear attacks. Call money opened at the recent ruling rate of 7 per cent on a very light inquiry.
